9.276F - Web Design HTML I — Winter 2014

Instructor: Mark Newsome
Email: newsome@acm.org
Website: webdesign.marknewsome.com

Room: LBCC – Benton Center, BC-206
Time: Thursdays, **6:30 - 9:20pm**
Dates: January 8, 15, 22, 29

Course Description

In this "hands-on" course you will learn how to design web pages using HTML (Hypertext Markup Language).   No special tools are needed – just a text editor (notepad++) and a browser.   Students are expected to have a basic understanding of Windows and know how to use a browser.

Class Description

The class will meet once a week for four weeks in a computer lab.   Each class lasts three hours.   The will be lecture, demonstrations, and hands-on exercises. Feel free to ask questions!

Books and References

No books are required for this class.   There's plenty of good reference material on the web.

Grading Policy

A: Attend all classes and submit *all* four of the assignments correctly.
B: Attend at least three classes and submit three of the assignments correctly.
C: Attend at least two classes and submit two of the assignments correctly.
Pass: Attend at least two classes and submit at least two of the assignments correctly.
Y: Received if 25% or less of the work required for Pass is submitted.

Accommodations Statement: Students who may need accommodations due to documented disabilities, or who have medical information which the instructor should know, or who need special arrangements in an emergency, should speak with the instructor during the first week of class. If you think you may need accommodation services, please contact Center for Accessibility Resources, 917-4789.

Non-Discrimination Policy: LBCC maintains a policy of nondiscrimination and equal opportunity in employment and admissions, without regard to race, color, sex, marital and/or parental status, religion, national origin, age, mental or physical disability, Vietnam era, or veteran status. (See Administrative Rule No. E029 and Board Policy Series No. 6090.)
